

IPEMA WEBINAR

Practical solutions to the issue of piglet castration

15TH SEPTEMBER 2020, 10:00-12:00 CEST
FREE REGISTRATION

The IPEMA group worked together for 4 years within a COST action funded by the EU. In this webinar, scientists representing the IPEMA group provide the **newest science-based developments** and stakeholders debate about the current status and future. Also your questions will be answered by the IPEMA scientist, online or during the webinar.

PROGRAMME

10:00-10:45 STATUS AND PRACTICAL SOLUTIONS TO THE ISSUE OF PIGLET CASTRATION

Issues for farmers, slaughterhouses, meat processors, retailers, consumers and policy makers. How can we manage pork quality at production level, at slaughter and processing? How can we manage animal welfare? Is the market ready? And what about the consumers?

By Ulrike Weiler (D), Michel Bonneau (F), Catherine Larzul (F), Giuseppe Bee (CH), Maria Font I Furnols (ES), Martin Škrlep (SL), Eberhard von Borell (D), Gé Backus (NL), Marijke Aluwé (B)

10:45-11:15 PANEL DISCUSSION WITH STAKEHOLDERS

Moderated by Daniel Mörlein (D) and Gé Backus (NL)

11:15-12:00 QUESTIONS & ANSWERS

Based on a selection of questions that we received from you via the Padlet platform

[Register here](#)

Registration is free, but mandatory.
It gives you access to the Padlet questions & answers forum.
